

**Comparison Table 7:- Section 1. Damage**

Reference	Former ISP01.2004 Wording	New ISP, QM2003-1209 Wording
<u>A. The Cover</u>		Redrafted now states within "Territorial Limits"
<u>B. The Indemnity</u>	1.B.1	Redrafted;- * removed the term "transportation" aspect of a damaged Machine from the indemnity provision (Additional Benefit "Recovery Costs - Damage" has been created to cater for this)  * Removed, "less the aggregate of all amounts already paid by the Underwriters in respect to a Machine" from the Sum Insured indemnity provision (Refer 1. B.1.(d) )  * Included statement that indemnity under 1.B.1 shall not include any costs catered for under Section 3 Additional Benefits 5. "Recovery Costs - Damage"
	1.B.3	* Deleted, the Maximum Aggregate Limit provision
	1.B.2	* Amended, the aggregate of all indemnity under Sections 1 and 3 in connection with Damage to multiple Machines shall not exceed the "Limit Any One Loss" shown in the schedule.
	1.B.5	* Deleted, if repairs require a part that is no longer available the underwriter will only pay suppliers the last published price.
	1.B.6	The Excess If one event causes Damage to multiple machines then the highest excess of those damaged machines shall apply.
<u>C. Additional Benefit</u>	Not Stated	Substitute Machines Allows for Damage cover to a temporary replacement Machine (that is of similar size, function and Market Value) whilst the Insured's Machine is undergoing repair, maintenance or servicing
